

Business Cards 320 gsm

GD0920; A4 20 sheets/box

Product description:

Permanent adhesive pre cut double sided Business Card with a Matt photo paper surface designed for imaging by inkjet process, providing colored images on an optically enhancing photographic background. The product is die cut to provide 5 cards per sheet. The film is designed as a “universal” product for use in all inkjet printers.

Features:

Print your Business Cards using your Web-downloaded, scanned, CD, or digital photo images.

- Optically enhancing photographic matt face sheet for brilliant, sharp color images.
- Immediately dry and smear resistant.
- Water resistant paper so images stand up to incidental moisture.
- Permanent adhesive for reliable bonding to achieve a high quality feel.

Properties:

Construction : An inkjet receptive coating on one side of an instant dry matt photographic coating and a permanent adhesive on the other side, which is laminated to a one side coated silicone base paper with reverse side treatment. The sheet is die cut to provide five Business Cards.

Property	Value	Unit	Standard
Product weight	230 ± 10
