Coated Matt Double Sided 140 gsm

GD1301 ; A4 250 sheets/box
GD1302 ; A3 100 sheets/box
GD1303 ; A3+ 75 sheets/box

Product description:

Matt presentation paper that provides superior color saturation, print resolution, and high quality output on both sides of the sheet. Paper is highly opaque and printouts are immediately dry and smudge resistant. The paper is designed as a “universal” product for use in all ink jet printers and is compatible with all common dye and pigment inks.

Features:

Print color photos, programs, brochures, greeting cards, and signage.

- Bright-white matte paper for brilliant, sharp color images.
- Images have improved sharpness and color vibrancy because of high black optical density.
- Immediately dry and smear resistant.
- Water resistant paper so images stand up to moisture.
- Matt coated surface on both sides so either side, or both sides can be imaged.
- Heavy weight for greeting card, business card, postcard, and tri-fold applications.

Properties:

Construction : An inkjet receptive coating on both sides of a 130 gsm base paper.

Property	Value	Unit	Standard
