Photo Gloss Inkjet Paper 150 gsm

GD1501; A4 100 sheets/box

GD1502; A3 75 sheets/box

GD1503; A3+ 75 sheets/box

Product description:

Glossy Photo Paper that provides superior color saturation, print resolution, and high quality output on one side of the sheet. Printouts are immediately dry and smudge resistant. The paper is designed as a “universal” product for use in all inkjet printers and is compatible with all common dye and pigment inks.

Features:

Print color presentations, announcements, reports, programs and photos.

- White glossy paper for brilliant, sharp color images.
- Images have improved sharpness and color vibrancy because of high black optical density.
- Immediately dry and smear resistant.
- Water resistant paper so images stand up to incidental moisture.
- Glossy surface on one side for improved image presentation

Properties:

Construction : An inkjet receptive coating on one side of a 140gsm base paper.

| Property | Value | Unit | Standard |
|-------------------|-----------|------------------|-----------------------|
| Basic weight | 150 ± 5 | g/m ² | ISO 536 |
| Thickness | 180 ± 5 | µm | ISO 534 |
